## ALMA MATER

Our Alma Mater, we love thee  
dearly may your future e'er be  
bright. True to thee we'll always  
be-Hail, Hail, Hail to thee  
Hamilton Park. Go forth inspired,  
banners high. Friendships made  
here ne'er will die, Hamilton  
Park.

With inspiration filled with de-  
votion, Loyal teachers as our  
guides, Praise to thee! Praise to  
thee! On, On, Hamilton Park!  
Steadfast and true, humble in  
mind, over all ever climb! We'll  
honor you, Hamilton Park.

When we shall leave thee; gone,  
gone forever. Following the code  
we live amiably, prosperity.  
Grant, grant that we will conquer  
life. With hope and strength  
through all strife. We attain the  
merit name, Hamilton Park.

THE BOBCAT'S CLAW is a realization a dream which has been persistent in the minds of many teachers and students of the Hamilton Park High School. We think it fitting that we culminate the first decade of the existence of the school with the publication of an annual which will depict its history, curriculum, and activities.

The school is unique in that it is located within a closeknit community and is therefore a nucleus of community interests as is evidenced through the activities of the Parent Teacher Association, The Dad's Club, and The Band Parents' Organization. The curriculum include learning experience for junior and

senior high school students and also provide for classes in adult education. The extracurricular program is varied so as to meet the needs and the interests of all students.

It is our hope that within these pages will be found scenes of events and photographs of friends which will, throughout the years, bring back pleasant memories.

As student editor, I wish to express my appreciation to the annual staff and to the faculty sponsors who have labored so diligently and also to the many patrons and advertisers who have cooperated in the publishing of this, THE BOB CAT'S CLAW.

Eolus Von Retting, Jr.  
Student Editor

# SCHOOL HISTORY

Hamilton Park High School opened for its first regular session in the fall of 1955. There were eight teachers and principal F. L. Jones, on the faculty namely, the teachers were: Mrs. Lucy Foy; Mrs. Girlie Fields; Mrs. L. Hunt; Elzie McKnight; John S. Love; Mrs. M. Harrison; Mrs. O. Davis; and Mrs. Richie. Of the above mentioned teachers Mr. John S. Love remains on the faculty of Hamilton Park High School.

In the beginning Hamilton Park School consisted of the elementary and secondary schools. At present there are two distinct schools, both in the same building complex - The Hamilton Park Elementary School.

Hamilton Park High School is a fully accredited high school, competing in District 1-AAA. 1964-65, was the first year of competition in AAA.

The school's nickname is "Bobcat." Other names that are associated with H. P. H. S. are: The Informer - school paper; The Bobcat's Claw - school's yearbook; The Bobettes - Drill team.

The Mighty fine Bobcats' Football team has participated in 3 State play-offs. The Bobcats won state championship in 1961 by 28-0 over Sweney High.

Students have represented H. P. H. S. in many State and local events, and have a considerable number of trophies and medals for the work accomplished.

It is our hope that some of these past events will enlighten and make your day a more pleasant one to remember. The '65 Bobcat's Claw is just one of the many ways we would like to share with you the way of life at Hamilton Park High School and to show our appreciation of such fine friends.

# Administration

"Ours is the only country deliberately  
founded on a good idea."

*John Gunther*

## SUPERINTENDENT

If I were to think of the core of our American Heritage, I would think of the tradition of challenge. Americans have been faced with challenge and change since the first settlers landed on the Eastern Seaboard.

They faced that challenge, and made the changes. They established a country unique to the world--one populated by people from many lands whose cultures and philosophies blended into a new tradition of freedom of choice, independence, exploration and individual participation in government.

When the westward movement began, Americans met that challenge. They pushed back the frontier and settled again in a strange country, absorbing more new people and culture, adapting and changing as they met new challenges. They pushed back the frontier and settled again in a strange country, absorbing more new people and cultures, adapting and changing as they met new experiences.

Wars have threatened to dissolve our great nation, but Americans have met the challenge and salvaged a nation from blood and carnage.

Americans entered the 20th Century with gusto and faced the challenges of industrialization, mechanization, scientific development and two global wars. They came face to face with the challenge of space, and they are continuing to cope with its changes.

It is good to be an American in the world of today. We know that, as our forefathers faced challenge and did not flinch, we will prove equal to our American Heritage now and in the future.

A handwritten signature in dark ink, appearing to read "J. J. Lawrence". The signature is fluid and cursive, with the first name "J. J." being more prominent and stylized than the last name "Lawrence".

STANDING (l-r)

Dr. Ben McCarley; Mr. J. J. Pearce, Superintendent;  
Dr. Charles F. Stringer; R. E. McCarley

SEATED (l-r)

Dr. F. E. Brooks Jr.; G. M. Crittenden, President;  
James R. Crews

Mr. Jack W. Evans

"The moving finger writes and having writ moves on; nor all your piety or wit shall lure it back to cancel half a line, nor all your tears wash out a word of it."

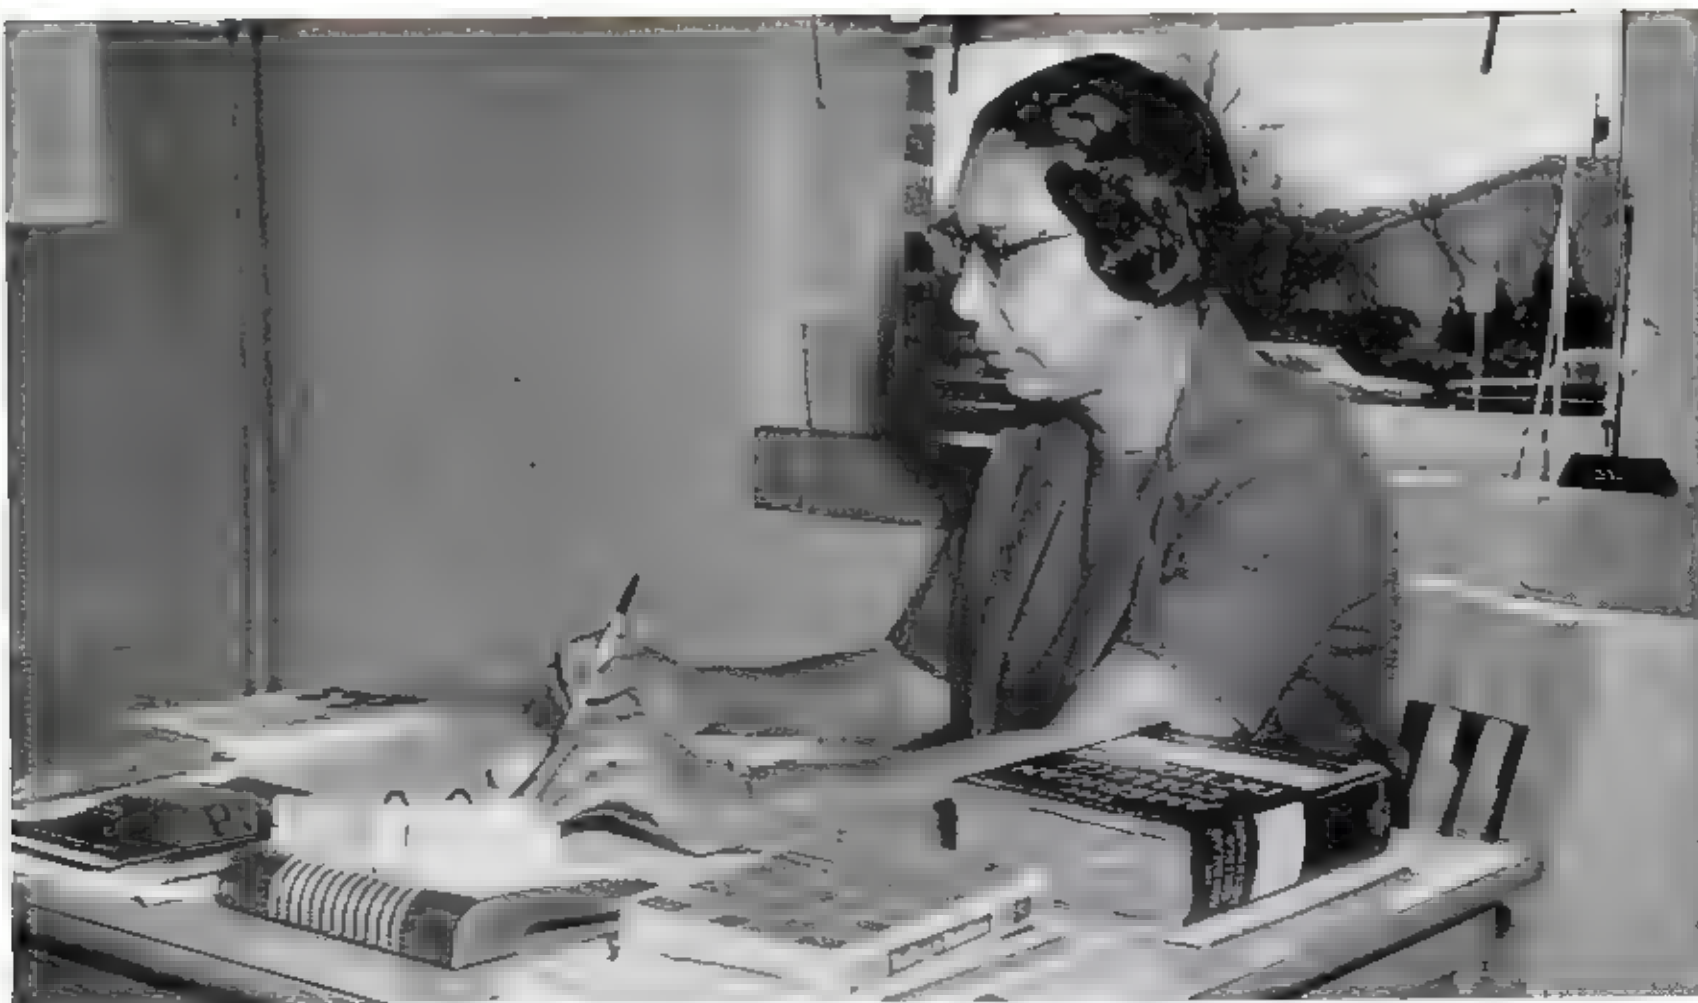

When I think of our American Heritage I think of rugged individualism. The story of ambition, love, determination, courage, humility, faith in God and respect for the dignity of man. While matching wits and brawn with the mighty forces of nature man molded the framework for a mighty empire.

Today we have a great system of schools throughout America which are teaching their students "The Story of America." Early in America's history it was realized that if she was to be free then men's minds must be free, and this could only come about through a sound educational system.

The student body, the faculty and friends of Hamilton Park High School, steeped in the desire to achieve, to build a better mouse trap, to make a noble contribution to school and community said "We will publish a yearbook." The moving finger writes . . .

MR. BREEDLOVE  
DEMONSTRATES

MR. JONES AND CLASS

"When you shop with the fine people in our advertisement section tell them that Hamilton Park High School's BOBCAT'S CLAW sent you."

Mr. Wheat of the PHOTORAMA CO. was the official photographer for the BOBCAT'S CLAW.

. . . the begining of the end.

1890

1892

1. The first thing I noticed  
when I stepped out of the car  
was the smell of the sea.  
It was a fresh, salty scent  
that filled my lungs and  
made me feel like I was  
in a new world.  
The sun was shining  
brightly, and the waves  
were crashing against the shore.  
It was a beautiful sight,  
and I knew that I was  
in for a great day.

2. The second thing I noticed  
was the sound of the waves.  
It was a rhythmic, soothing sound  
that made me feel like I was  
in a dream. The waves were  
crashing against the shore, and  
the sound was so loud that I  
could hear it from miles away.  
It was a beautiful sound,  
and I knew that I was  
in for a great day.

What I do, get it  
You a good  
How would you  
like to go to the  
winter house  
with me

Your friend  
Pat.
